

### **Downingtown Good Neighbor Day – Friday, July 4th**

#### **Craft and Informational Vendor Instructions:**

- Vendor report time is from 6am to 7:30am. All vendors must be in Kerr Park no later than 7:30am, due to access roads being closed at that time for the Run for Life event which begins at 8am.
- Craft and Informational Vendors will be admitted into the vendor area via the Kerr Park entrance on Wallace Avenue. GPS: 126 Wallace Avenue, Downingtown, PA 19335 (see attached map). All vendors must come through the vendor check-in at this location.
- Upon checking in, Vendors will be permitted to drive into the vendor area to unload cars at your designated vendor space. Vendors may park one vehicle directly behind your space. Note that there will **not** be preassigned vendor spaces. Vendors will be directed to a space assignment upon arrival.
- At the vendor check-in, we will be verifying vendor payment, so if you have not paid your registration fee, please check your emails. An email with a link to make payment would have followed your vendor application approval.
- Please keep any supplies, signs, etc., within your booth space.
- Good Neighbor Day is back at full-strength again this year with the Run for Life, Carnival, Fireworks and much more. Craft and Informational vendors may begin breaking down and leaving at around 4pm but must be out of the vendor area in Kerr Park by 7pm due to the fireworks safety zone.
- Vendor questions can be directed to GND committee volunteer Steve Plaughter at [splaughter.gnd@gmail.com](mailto:splaughter.gnd@gmail.com) or cell 610-551-4475.
